2012

Winter Blast 2012

This is your chance to share Jesus with your friends.

Winter Blast is a huge youth event being hosted by Bible Fellowship and will include your choice of activity (road hockey, Wii, ping pong, or dodgeball), a chili dinner, a video of

comedian Tim Hawkins, music by some amazing local Christian talent, an evangelistic message about Jesus, and a 20 minute fireworks display...all for free!

We're working hard to make this event one that is easy to invite friends to, because we want people to hear the life-changing message of who Jesus is and

what he has done for them.

Winter Blast is a Resolve sponsored event, meaning many churches from across the city and surrounding area will be present. Look forward to a great night of fun, inspiration, and celebration. Don't miss it!

we are a community of young people celebrating

Jesus

Crossfire Youth Ministries is a branch of the ministry of Bible Fellowship Church. It's our goal to make disciples by the grace of God to the glory of God. We do this by helping teens to experience life-changing worship, growth, and service. Our desire is to see high school students make Jesus their number one priority and live lives of radical obedience to Him, not only now but for years to come.

Upcoming Events...

Wednesday January 4
7 - 9pm Crossfire Youth

Looking Ahead...

Wednesday February 1
No youth (for exams)

Saturday February 4
3:30 - 8:00pm Winter Blast youth
event

April 27 - 29
Acquire the Fire youth conference
in Lansing, MI

Sledding @ Finn Hill could win you a discount

On Friday January 20, our youth will be going to Finn Hill for a night of fun sledding and crash landings. To make things more interesting, we are adding in a cardboard box race - the winner of which will get \$30 off their ticket price for the upcoming Acquire the Fire. Even if you are not planning on going to ATF in April, feel free to participate anyways and win some money for a friend.

The winner will be judged on three qualifiers: (1) most attractive; (2) most durable and (3) fastest sled. Here are the rules...

- The sled must be in a box shape, with at least 4 walls and no open sides.
 - The use of skis, crazy carpets, etc. to increase speed is permissible as long as the box is attached to the item and not simply resting on top of it.
 - GT's are not allowed.
 - The sledder must remain inside the box during the entire race.
- Good luck and see you on the hill!
